DIRECTOR'S MESSAGE

Greetings to the Patrician Family.

We embarked on the academic year 2022-2023 with three words resounding in our minds, “Positivity, Perseverance & Progress”.

As the effects of the Pandemic and Lockdown slowly fade from our lives and memories, it is now essential that we look forward with hope and Positivity. It has been said that “there is always light. If only we are brave enough to see it. If only we are brave enough to be it.” The true nature of every Patrician is to not only see the light but to indeed be the light.

It is a universally accepted truth that failure and success go hand in hand. Without the dark there is no light, without the losses there are no wins. Keeping this in mind I urge that all of us persevere in this long road of life, it is in this perseverance and resilience that we grow and progress.

Here at Patrician College we strive towards excellence, growth and progress. We believe that progress is not the growth of the strong but the growth of the weak. Progress means getting nearer to the place you want to be. If you are on the wrong road, progress means doing an about-turn and walking back to the right road. I hope that this year has brought us experiences to progress not just forward but progress in the right direction. It is my sincerest hope and prayer that each and every one of you my dear students, faculty and staff remain safe and healthy, that we look forward to a new academic year with much enthusiasm.

On this note I conclude with a blessing, “May the Lord bless you and keep you. May the Lord make his face to shine upon you, and be gracious to you. May the Lord lift up his countenance upon you, and give you peace.”

Rev. Bro. Dr. A. Stanislaus
Director and Secretary
