Hyundai Motor India Limited – 12th September 2019

Students visited “Hyundai Motor India Limited (HMIL)”, Sri perumbudur, Irrungattukottai, Kanchipuram District on 12th September 2019 on an Industrial visit to study the history of the company, its growth and manufacturing process of cars. Students clarified their doubts about latest technology they used in their manufacturing process and various job opportunities available in their company.

R&D department of Hyundai took the students around the company and explained the manufacturing process of Hyundai i10, i20(basic and fluidic verna. Mr.Krishna Kumar, CRM department guided in shop floor visit.

This industry visit sensitized students on the practical challenges that organizations face in the business world and also give greater clarity about various management concepts for students as they can practically see how these concepts are put into action. Visits to this kind of manufacturing firms are useful for students to understand the nuances and realities of the shop floor, which in itself is a rare exposure. By visiting the shop floor they get to understand the risky conditions in which workers work, the people management challenges involved in managing workers apart from getting hands-on technical knowledge.
