Director's Message

Dear Patrician,

I am proud and privileged to greet all Patricians on the occasion when the college magazine for 2021 - 2022 is being released. I deem it my duty as the Director of the college to acknowledge and appreciate all the stakeholders who have been responsible for the many milestones reached. The college magazine is a testimonial of significant activities and accomplishments carried out through the academic year. The year 2021 – 2022 has witnessed catastrophe and uncertainty around the globe because of the second wave of pandemic which weakened normalcy and wrecked even the situations in the higher education campus. The management was faced with many challenges and the need was to work on strategies that would cope with the crisis related to academic fronts. Despite all hardships the Patrician College has been consistent in the pursuit of academic excellence and in sustaining the quality of educational services. 'Learning is a continuous process from the minute we are born until we die'. Patrician College believes that education should build character and strengthen the mind and intellect and prepare students to stand on their own feet. Towards this goal the Patrician approach has been to offer a multi faceted education which would empower the learner to equip with required knowledge and skills. As we scan the pages of the magazine one will vouch that the college has taken great strides to fulfil the vision and the mission of the college and has been successful in preparing the human resources who will be great contributors in building their family, community and society. I congratulate all the stake holders who have travelled with the college in the pursuit of excellence. I appreciate the magazine committee for this attempt to collate all details of the academic year and present this document as evidence for future reference for the generations to come. I wish the college many more success in all their endeavour.

Academic Director's message

Dear Patrician Family

Success is not accident. It is hard work, perseverance, learning, studying, sacrifice and most of all love of what you are doing or learning to do. On the occasion of the release of the college magazine for the year 2021 - 2022, I take immense pleasure to greet everyone who has been part of this great journey towards attaining quality and excellence in all fronts. The college magazine is a proud presentation of the achievements and recognitions the college has received from various stakeholders. At this juncture its my privilege duty to appreciate and congratulate all who have been part of this successful venture. The academic year 2021 - 2022 has been eventful with uncertainties caused due to the post pandemic consequences. The crisis affected the academics particularly in the teaching - learning environment and in the conduct of normal academic co-curricular and extracurricular activities. The pandemic brought in a whole lot of issues relating to the physical and psychological well-being of the stakeholders. It was pertinent to address the psycho-social issues and to understand the challenges faced in the learning environment. The focus of the college was to understand the changed psychological profile of the students and bridge the gap in their skill sets. I am happy to share that the pandemic crisis did not deter the enthusiasm and the thrust of the college in its planning and execution of academic and related activities. Strategic planning was in place to address the challenges in the new normal and the college trailed smoothly to achieve planned goals. I congratulate the magazine committee for putting together the activities for the entire year. I hope the readers will be able to appreciate the hard work and dedication with which the college functioned through the year. The road travelled is short and we have many more milestones to reach. We pray that Almighty bestows on us His continued blessings and guides the institution to reach greater heights.

FRENCH

“A Different Language Is A Different Vision Of Life - Federico Fellini.”

It is true that a new language gives a completely new outlook on the culture and the lifestyle of people in a different geographical location but in the same timeline as theirs. This helps the young minds to empathize better with their fellow human beings. The French Language department tries to achieve the above goal while offering better an added skill set for employment.

The French language department offers many opportunities for the French students to hone their linguistic command in French. Display board is regularly updated under various themes, enabling students to research and get a better understanding on the particular topic.

In January the French club L'Esprit held various competitions for the current batch of French learning students and all the French students were encouraged to take part in at least one competition. A quiz on current Indian politics “Sachons la Politique” was held online. All the participants who scored above 60% were offered E-certificates. An essay competition with an abstract topic “Le Bonheur Dépend De Nous “(Happiness depends on us) was held. A barrier free Story writing competition, a poem writing competition, a singing competition (French song) a Candid Photography competition and a Poster Making Competition was held with the theme Happiness.

Tribute to Dr. S Nagajothi

Dr. S. Nagajothi joined Patrician College of Arts and Science on 2nd of June 2003 in the Department of Commerce. Right from the first day she was well known as a very diligent employee and an effective teacher. Her knowledge of subject was impeccable and well acclaimed among the student community. Students knew her to be a very disciplined teacher and also a strict disciplinarian. In her years in the Department of Commerce, her skills gradually made her shine through every task that she was assigned and gained reputation as an excellent team player and leader. This quality of leadership and team management eventually led her promotion as the Head of the Department of Business Administration in 2009. Her tenure as Head of Department left a lasting and impacting impression on both faculty and students alike. She was well known among the students as being a firm yet kind teacher and her students looked to her for guidance in and beyond the classroom. Her academic achievements were proved further as she increased her qualification to become a Doctorate holder in 2014. As IQAC Coordinator, she was very effective in organizing Faculty development programs and processing many mandatory submissions to national accreditation and ranking bodies. In 2020 she coordinated the submission of Self Study Report of the Second Cycle of NAAC. Being promoted to IQAC Advisor in 2020, she was able to prove her effectiveness by organizing IQAC programs and initiatives online over the lockdown period. Through all this her health was failing but she still mustered strength to coordinate the Peer Team Visit of the 2nd NAAC Cycle. Dr. Nagajothi's commitment to the institution was unmatched. After the Peer Team visit, her health failed further and she was admitted to hospital. She was still in service till June 2021 as things turned out for the worse in the month of July as she breathed her last on 22nd July 2021. Apart from her effectiveness as both a teacher and an employee of the institution, she was known among her colleagues as a wonderful human being capable of not only fulfilling her responsibilities but going the extra mile to ensure that the job was done perfectly. She was also a good mentor to her students proving that teachers should be professional in all that they do, all the while, extending her care as a guide and affection as a second mother to her students. On 22nd July 2021, the college not only lost an impeccable employee and an inspiring teacher, but the world lost an amazing human being. Her memory will live on in the hearts of all who knew her and her values will be reflected in the lives of all those who were impacted by her.
